As of October 14, 2016, the United States pistachio crop receipts total 901,585,795 pounds of which 894,933,965 pounds are from California and 6,651,830 pounds are from Arizona and New Mexico.

	Pounds	Metric Tons
Open Inshell	670,170,101	303,989.16
Closed Shell	170,490,515	77,334.50
Shelling Stock	<u>60,925,179</u>	<u>27,635.66</u>
Total	901,585,795 pounds	408,959.32 metric tons

Open inshell constituted 74.33% of the total while closed shell and shelling stock were 18.91% and 6.76% of the total respectively.

Some processors remained open after October 14<sup>th</sup> and consequently these numbers are not final, but will likely increase slightly.

Final crop receipt reports are due December 15, 2016 and crop size will be finalized shortly after that date. When the crop size is finalized, crop totals will be reported by ACP district and by California county.
